## VOLUNTEERS ARE HONORED BY GILT EDGE RESIDENTS

District Has Contributed Comparatively Large Number of Men To Ranks

Members of Bereah L. O. L., No. 1087 of Gilt Edge, together with their friends, spent a pleasant evening on Thursday last in their hall at Gilt Edge when members of the lodge who have volunteered and are now training for active service were honored. The latter includes F. A. Connors, Alf. Aitken, O. Wright, Chas. Horn and Gordon Newport.

Unfortunately, Corporal Connors was the only volunteer member present at the gathering, the others not being able to obtain leave of absence. Thus it rested with Corporal Connors to convey the various messages of good will from the people of Gilt Edge and also to carry with him a present to each member as a material offering.

Joseph McLennan occupied the chair while Corporal Connors was allotted an honored seat on the platform. The amusement of the evening consisted of songs and speeches while addresses were also given. The guests of honor addressed the assembly in regard to the military training now being undertaken in the capitally which was enjoyed by all present. An address was read by A. E. Kett to Corporal Connors prior to the presentation of a H.B. Asst. saved pipe. Lunch was served by the ladies.

## WAINWRIGHT GIVES MORE MEN TO CANADA'S ARMY

Several Boys of This District Have Enlisted During Past Week

Two recent recruits to the ranks of the 49th battalion now in the course of formation in Edmonton are Norman E. Cook formerly editor and manager of The Wainwright Star and Elmer Jackson, a rancher of this district, both of whom have a large circle of friends in Wainwright.

Both joined the ranks on Thursday of last week and returned to this town the following day for the purpose of settling business here prior to their taking up military duties. They expect to return to Edmonton on Thursday of this week. Others who enlisted during the week were O. Newport, J. Barry, R. McLeod and J. White.

## Convention Delegates Are Chosen By Local Liberal Association

Meeting Held on Friday Last at Which John Wood or Wood—Wainwright Company Was Mentioned As Likely Candidate For Honors

Wainwright Liberals held a meeting in the Castle Hall on Friday evening of last week at which delegates were appointed to attend the Liberal convention to be held in Vermilion on Tuesday, February 18th for the purpose of electing a candidate to contest the federal riding of Battle River in the Liberal interests. The delegates chosen were V. E. Graham, Dr. Little and T. Blason and the alternates, H. Y. Pawling, S. Adams

and John Wood. The latter has been spoken of as a likely candidate.

The convention in Vermilion is expected to be fully representative of the Liberal interests in the riding and a number of present members of the provincial house, including Premier Sifton and several members of his cabinet, will be in attendance to deliver addresses.

## FRIENDS ASSEMBLE AND HONOR NORMAN E. COOK WHO RECENTLY ENLISTED

Norman E. Cook, former editor of the Wainwright Star, and a resident of Wainwright who has a large circle of friends in the community, was honored by his well wishers on Tuesday evening in consequence of his proposed departure to join the ranks of the 49th battalion in Edmonton.

At 6:30 o'clock at the home of Mrs. McCaig, a large number of the boys with whom Mr. Cook lived, sat down to an excellent turkey dinner provided by the hostess following which a few expressions were voiced by the assembly in regard to the good that had resulted from Mr. Cook since he took up residence here. Everyone present wished him the best of luck coupled with the hope to see him return.

Later in the evening, a large number of Mr. Cook's friends gathered at the home of Mr. and Mrs. H. W. McLeod where an evening of enjoyment was spent. Here songs—some of them appropriate with the purpose of the evening—were sung lustily by all in attendance. Cards were played and refreshments served by the congenial hostess and with the singing of "He's a Jolly Good Fellow", the evening was brought to a close. Among those in attendance were Mr. N. E. Cook and Mrs. McCaig, Mr. and Mrs. A. D. Ferguson, Mr. and Mrs. R. Campbell, Mrs. Moffatt, Harry and Max Cook, Mr. and Mrs. Maddor, Robert Hunter, Mr. Reg Laird and Mrs. Ed. Burton.

Fourteen of Wainwright's soldier boys arrived in town on this afternoon's train to attend the big banquet, entertainment and dance to be given in the Elite theatre this evening in honor of all those who have enlisted from the community.

Wainwright's soldier boy visitors will not leave until Friday.

Thomas McDougall of Green-shields accompanied by his wife, will leave to-morrow for Calgary where they will spend two weeks.

The subject of next Sunday evening's sermon at St. Thomas' church will be "A King in Sackcloth."

## LOCALS DEFEAT SCOTT IN FAST HOCKEY GAME

Encounter Was Best Seen On Wainwright Ice and Attracted Large Crowd

Winning by a score of seven goals to six, the Wainwright Hockey Club administered medicine of defeat to the Scott aggregation in a game held at the Wainwright rink on Friday evening of last week. The encounter was the fastest ever seen on local ice.

From the start of play right up until its conclusion, the 250 odd fans who assembled to witness the game were given something to enthuse over, the game being replete with excitement. While combination play was a phase of hockey that held no awe, individual rushes of no mean order were features of the evening in which Stan Livingstone starred.

The game was an evenly contested one and time and time again, in fact, right up until two minutes prior to the sounding of the final whistle the game was in doubt, the score standing at 6 even. To Neil Livingstone went the credit of adding the goal that made the Wainwright team victors.

The encounter was not the cleanest one seen on local ice and penalties were administered with frequent regularity. Neil Livingstone suffered a cut over one eye that necessitated a stitch to close up the gash, while Larrabee also suffered an injury to the face, which, however, proved less serious. The Scott men were a little less unfortunate, one man—Ebbby—receiving a slight injury to the face.

The game was not four minutes old when Miller scored the first counter for Scott. The game man also registered a second goal after ten minutes of play, thus giving the visitors a two goal lead. Smith was the first man of the local team to score, his goal being registered after twelve minutes.

Three periods of twenty minutes each constituted the game and in the second, Ghent, for Wainwright, scored after two minutes. Stan Livingstone came next in order after three minutes of play and succeeded in adding another after ten minutes. Jacobs, for Scott, scored after twelve minutes and added another at the thirteenth minute stage. Smith again scored for Wainwright after fourteen minutes and Miller for Scott at 16 minutes.

In the third period, Larrabee scored for the locals after seven minutes, Miller for Scott after nine minutes and Neil Livingstone at 16 minutes. Following are the line-ups of the two teams:

Wainwright —Goal— Baird  
Cork —Goal— Ebbby  
S. Livingstone F. Thompson  
N. — C.P. Thompson  
Smith —Goal— Balmer  
Ghent —Goal— Jacobs  
Devanson —Goal— Miller  
Larrabee —Goal— Ervin

Referee—J. C. Reynolds  
Judge of Play—H. C. Munn

Mrs. V. E. Graham left town on Saturday for Texas where she will visit her parents.

W. C. Bowen, formerly of Clearholm, has arrived in Wainwright to succeed C. D. Logan as agent of the Imperial Oil Company. Mr. Logan left town on Saturday for Calgary where he will take over his new duties.

## TOWN FITTINGLY CELEBRATES ONE HUNDRED YEARS PEACE OF ENGLISH SPEAKING NATIONS

Fittingly celebrating the one hundred years of peace between Great Britain and the United States of America, a massed service was held in the Wainwright Elite theatre on Sunday evening last that will remain in the memory of those in attendance for a considerable time.

The Protestant church, together with their leaders, combined to make the service a big event. With all the local singing talent massed upon the theatre stage, the rendition of the various hymns and anthems under the leadership of H. O. King was of an excellent character, Mr. King having made extensive preparations prior to the celebration.

Many of the old familiar national hymns of the fathers of the nations now confederated

within the empire were ably sung, especially so was the unique conjunction of the American and British national airs.

The stage and speakers' table was bedecked with British and American flags, thus revealing the harmony and good will which now unites the two great peoples. The speakers of the evening were the three local clergymen, Rev. H. Assiter, Rev. C. R. Connors and Rev. S. A. Wallace who dealt with the different subjects in connection with the century of peace speaking on the flag, peace and the causes and termination of the struggle of 1812-14 between the British Empire and the United States of America.

The theatre was packed to the doors, a larger number of per-

sons being present at this celebration than was present at the last patriotic concert at which Rev. Hillocks of Calgary gave an address. Thus it was that Wainwright celebrated the anniversary of the hundred years of peace between the two great English speaking nations of the world. It was a celebration greatly appreciated and a commemoration, moreover, that provided a beautiful, appropriate and fitting thanksgiving for peace at a time when the British nation finds itself otherwise engaged in the greatest war of modern times. The Oddfellows and Sons of England fraternal organizations attended in their regalia. Members of the local cadet corps acted as ushers.

## BOARD OF TRADE WILL HOLD ANNUAL MEETING THURSDAY

Officers Are To Be Elected and Large Attendance Is Requested

For the purpose of electing officers for the present year, the Wainwright Board of Trade will conduct its annual meeting on Thursday evening, Feb. 18th in the council chamber. It is hoped that members and all those who wish to become members of the organization will be in attendance. A meeting was called on Thursday evening of last week but the attendance was so small that a quorum could not be formed.

Holy Communion will be administered on Sunday next at 12:30 p.m. in St. Thomas' church.

Mrs. McPhee and Miss Sketch spent the week-end in Edmonton where they attended performances in the Empire theatre by Sir Johnson Forbes-Robertson and his excellent London company.

St. Andrews church, Rev. S. A. Wallace pastor. Subject for next Sunday evening will be "Church Union."—Text: "So we being many, are one body in Christ and everyone members one of another. Rom. 12, 5.

## WILL PRESENT PICTURE SPECIAL

Arrangements have been made by the Ladies Aid of the Presbyterian church to present to the people of Wainwright and district in the Elite theatre on Thursday evening of this week, a moving picture feature that has caused considerable comment of a favorable character wherever exhibited, being "Joseph in the land of Egypt."

The play will be given in four reels and three parts and will feature James Cruise, Marguerite Shaw and a notable Thelma Houser cast. It will tell in an interesting way, the full story of Joseph, the Hebrew patriarch and his best loved son Joseph.

## SONS OF ENGLAND WHIST DRIVE WAS WELL ATTENDED

With over fifty persons in attendance the whist drive held under the auspices of the Sons of England Society on Friday evening of last week in the Oddfellows' Hall, proved an enjoyable affair as well as a financial success.

The first prize for gentlemen was won by Charles Aggar, the second by Thomas Blason and the gentleman's booby by Monty Montgomery. That for the first lady was won by Mrs. Rancier, the second by Mrs. Mitchell and the booby prize by Mrs. Charles Walliker. Games were started at 8:30 while the evening's entertainment was brought to a conclusion a little before eleven o'clock.

## EDGERTON NEWS

The cup of the Calgary Bowling Co. arrived in Edgerton on Thursday, the picked rink that went to Wainwright defeated the Wainwright team after a very well fought and keenly contested game. This however was the only trophy our sturdy warriors returned with as they went down to defeat in the last two games. The rink consisted of W. Murdoch skip, P. Milne 3rd, Sadler 2nd, and G. L. Morrow lead.

Mr. Peter Milne expects to visit the Winnipeg Bonspiel this week.

The Ladies Aid of the Methodist church are going to hold an "Hard Time Social" the first week in March which will consist of songs, recitations, games etc, while all present are requested to dress suitably for

## HARD TIME DANCE BROUGHT OUT RAGS OF ALL VARIETIES

Event Proved Enjoyable and Was Well Attended By The People

Never before was so much amusement provided as was the case at the Hard Time dance held in the Elite theatre on Monday evening. As the first of its kind yet held, it goes down as a huge success in every sense of the word.

It was largely attended, well conducted while the hard time clothes provided a feature of the evening that carried along with it merriment and a happy feeling that one was at a truly informal dance where a "good time" was the order of the evening.

There was not a white collar to be seen and those men who wore neither overalls nor rags and tatters felt out of place. The event was so successful that it warrants a similar dance being held in the near future. To Jack Telford, Chester O'Reilly and Mr. Sowery goes the credit for arranging the function. The music was provided by the Wainwright Orchestra and the refreshments served by those in charge of the dance.

## MANAGEMENT OF ELITE THEATRE TO GIVE PRESENT

Sack of Wainwright Milling Co's Flour To Be Donated To Ticket Holder

Tickets are now being given away with every paid admission to a regular picture show performance held in the Elite theatre. A draw will be held on Tuesday, Feb. 23rd when the holder of the lucky ticket will be given a 100 lb. bag of the Wainwright Milling Co's best flour. The same lucky person who visits the theatre on Tuesday night will see 7,000 feet of film including the first episode of the new serial, "The Master Key". All this for 15c.

On Thursday evenings during the Lenten season, Rev. H. Assiter will deliver a series of brief addresses, the subjects being in the following order: "The Beginning of the End," "A Day of Warning," "A Bad Departure," "An Unholy Compact," "The Great Sorrow"

WAINWRIGHT ALTA. WEDNESDAY, FEB. 17th. 1915

"WITH THE PUBLIC BODIES of Western municipalities at the present time it is a case of 'Everybody's doing it'. As the country correspondent might say cutting salaries is the order of the day. The majority if not all of the municipalities throughout the country have taken the axe in hand and wielded it right lustily, but it is doubtful if any of the financiers have swung it as effectively as the school trustees of Lethbridge, who have lopped off everything that looks like a frill and some things which, under other circumstances, would be looked upon as necessities. Such action, however, was inevitable. This great western country went in heavily for the best but in nearly every city and hamlet there were creations of boom days that cannot be kept up in these parlous days when the blight of war is over the land. At a time like the present the fates are inexorable, but this does not mean there is any reason for giving way to despair. The good old times will come again, but in the meantime while the storm is on, it is necessary to shorten sail and prepare for any squalls that may arise. In this way the bark caught in the trough of the sea, weathers the worst and comes through in safety."

The foregoing sums up the situation as the Calgary News-Telegram sees it and to more than one mind it fits conditions, as they exist in the west at this time, fairly well. Certainly good times will come again and already we find business conditions taking a change for the better despite the fact that the war still rages in Europe. A lot can be accomplished by people sending out the breath of optimism. It means life in a good many ways to a good many things. We all know that to tell a man he is looking sick invariably causes him to complain. "Well, I'm not feeling very well." This same man, at this same time, might be feeling fine. But he makes the remark because you have told him that he looks a little under the weather. The spirit of pessimism and the spirit of optimism are both as contagious as a disease. In spreading the spirit we have to decide between the two. And what we should do, at this time especially, should be to send broadcast that spirit that brightens both men and conditions. It's name is optimism.

"THERE IS NOTHING WRONG with the Wainwright district—there never has been. Any farmer will tell you so." These few words were culled from the remarks made by a tiller of the soil just recently. They were heard in the corridor of one of the local hotels and were followed, with a few statements of fact that would surprise the majority of people.

This farmer said he came to the Wainwright district just four years ago. And he came from the Old Country at that. All his worldly possessions did not value more than forty dollars at most. The man is now the proud possessor of a quarter section of land; he has nine head of horses and has recently purchased some fourteen head of heifer calves. But this is not all. He owns farm machinery and the buildings in which he lives and houses his cattle. All this he has accomplished in four years with the total starting capital of forty dollars. But like the young Englishman who came to this country eighteen years ago and who worked on a ranch for \$12 per month for a year and later homesteaded a farm which is now worth \$30,000, this farmer makes a few additional remarks that take the form of good advice and at the same time provide interesting reading. He says: "Farming and stock raising is a business just the same as other walks in life. There are lots of people who have got it into their heads that anyone can farm, and that is how it is there are so many mistakes in Canada."

"There are a lot of immigrants who think that if they cannot get their pile in six months or a year, the country is no good; but a man has to work all day and every day until he gets on his feet. It's the man more than the money he has that counts." This last sentence carries with it a great deal of truthfulness.

A FAIRLY GOOD BUSINESS barometer is furnished by the Grand Trunk Pacific railway which informs the STAR that it has just handled the largest shipment of motor cars and carriages ever made by a Canadian vehicle factory, the McLaughlin Carriage Company Ltd., having shipped this week 45 car loads—a solid train—of their automobiles and carriages for Winnipeg, Regina, Saskatoon, Moose Jaw, Edmonton and Calgary.

The fact gives evidence that the McLaughlin Company anticipate good business this year. They believe that business conditions are founded upon the solid basis of agricultural production and they see every sign of increased instead of diminished demand for their products.

When it is considered that the vehicles packed in the train above mentioned would make a procession three miles long, a little idea as to the amount of money to be spent in the west this year for automobiles, gives some idea of the amount to be circulated in the purchase of one brand of car alone. The figures that will represent the expenditure for all varieties of cars in the west during 1915 will provide an amount that will surprise many people.

## NOTES AND COMMENT

Villa still poses as the bad man of Mexico, and it seems as if a little lead bullet is the only pill that will cure him of his revolutionary malady, which is about as contagious as most diseases.

A meeting of the Wainwright Board of Trade is to be held in the council chamber on Thursday evening of this week. Officers are to be elected and business for the present year is to be discussed. Let us hope the attendance will be a large one. It certainly ought to be.

## SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, and the Yukon Territory, the North-west Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-five years at an annual rental of \$1 per acre. Not more than 250 acres will be leased from one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be secured by sections or legal subdivisions of sections, and in unsurveyed territory the land applied for shall be staked by the applicant himself. Each application must be accompanied by fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A receipt shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns according to the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not operated, such returns shall be furnished at least once a year.

The lease will include the coal mining right only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 per acre.

For full information applicants should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the District.

## THE STORY OF ONE DOLLAR

What You Can Buy With it in a Big Store—"Made-in-Canada" Purchases Save Money

(Every woman's World)

Jane thought—the process of thinking, with Jane, was worth following. She added the month's expenses again, wrinkled her pretty forehead, added them again, brushed an imaginary cobweb from her mind with a movement of her manicured fingers, and finally reached the conclusion that as far as mathematics could decide, she undoubtedly had one dollar extra.

Simultaneously with this conclusion came an instant not to be denied vision of a white, ribbon-tied box of chocolates, each different from the other. On the heels of this picture floated a more insistent one of the florist's shop from which a straight line lead to poor, crippled Miss Anne in the next street. Miss Anne won. Her love of flowers was not to be denied.

In fifteen minutes Jane had got the roses that Miss Anne loved in tall vases in the sick woman's room. The dollar bill lay in the florist's cash register with others until evening, when—as it was Saturday—it was one of ten that made up the weekly wage of Madge, who assisted in the shop.

Madge had to buy a new blouse. On her way home at eight o'clock she stopped at Graham's to look at their dollar blouses. She was fortunate, there were not only dollar blouses, but three dollar blouses marked down to one. To be sure, they were very tired looking three dollar blouses and would need a considerable amount of starch before they could face the world with any degree of confidence.

But Madge liked them in spite of their tiredness. Then the sales girl, growing sympathetic, pulled an even better looking blouse from the heap. "Where did this come from?" asked Madge looking at the \$3 tag.

"New York. I don't know how they can make such goods for \$3. And you've a chance to get it at—"

Madge's eye wandered to the next table, where \$1 blouses remained \$1 blouses.

"Where did these come from?" "Here, here in Toronto. Made-in-Canada goods. Now, if you want a real made at home, but not a home made blouse, you will like one of these."

Madge looked at them. The style was not a year old, as the blouses were, but attractive and simple. The blouses were well made and looked as if they would wear.

"Made in Canada," repeated the salesgirl.

"Yes," assented Madge, "one of these is what I want. Was the cotton made here, too?"

She took the Made-in-Canada blouse home and was satisfied.

That dollar of Madge's formed one of the seven that Arcthusa got for her wage that week.

An idea had occurred to Arcthusa. She had said, "Made-in-Canada," mechanically for months, and only now had the slogan struck her with full force. She went into a drug store.

"Have you talcum powder that is made in Canada?"

"Yes."

"How much is it?"

"Twenty cents."

"But the others are twenty-five."

"Yes, but they are imported. We can beat them on the price. It is just as good, but some don't think so because it is made here."

"How idiotic! Why, if it's made in Canada, it's made by Canadians for Canadians."

Eighty cents left!

This was spent in the same patriotic manner.

Arcthusa went home slowly, thinking.

A girl had bought a blouse throngher because it was a good blouse and was made in Canada.

That meant that some other girls had seen it in Canada, some one had cut it, some one in Canada had designed it. That was a made-in-Canada blouse instead of one brought across the sea. Arcthusa liked the idea.

Then she had bought a box of talcum powder because it was made in Canada. That meant that some people, perhaps some one she knew, had worked to make it in the whole sale drugstore.

She had bought fruit grown in Canada. That made her think of the wheat and cattle of the West as well as of the peninsula we call the Garden of Canada.

Finally, she had bought paper made in Canada. Arcthusa didn't know all that this meant, but perhaps you do. The paper made in Canada meant that instead of exporting the pulp-wood made from the spruce of the northern forests, the wood was made into paper in Canada.

## EVERY DOLLAR Spent For CANADIAN GOODS Gives Employment to CANADIAN LABOR

Strengthen Orders From Canadian Factories by Buying all the Products of Canadian Labor

Suppose that we continue buying foreign made goods and allow our own workmen to fall into idleness because of a lack of orders for Canadian factories? First, we shall have this winter the evil of unemployment. What does that mean? Able-bodied men unable to find any occupation—idle, desperate, their wives and babies hungry! When conditions become serious the various towns and cities will organize relief funds and probably arrange special civic works in order to keep them fed. But aside from that there would still have to be tremendous sums spent on charity. That means encouraging pauperism. Meantime the money spent on civic works is only half efficient since the time lost in distributing the work evenly among the unemployed is great, and the underfed workman cannot be expected to do a full day's work.

But there is an effect to be looked for even worse than that. The foreign factory will be flooded with orders to keep them fed. But aside from that there would still have to be tremendous sums spent on charity. That means encouraging pauperism. Meantime the money spent on civic works is only half efficient since the time lost in distributing the work evenly among the unemployed is great, and the underfed workman cannot be expected to do a full day's work.

the occasion.

Mr. J. Gerow journeyed to Edgerton with a team Tuesday to play for the Calgary Brewing cup but was defeated by Mr. Murdoch by a score of 10-13.

The Edgerton patriotic concert held on Monday night was a great success and well deserving of all praise. G. L. Hudson, M.P.P., in a suitable speech for the occasion, opened one of the best and most successful concerts ever held in this district. Many of the items were worthy of praise among which was the musical play "A Joke on the Toy Maker", by the Edgerton school pupils and also the monologues of Mr. J. Fraser and Mr. H. O. King. Among those who deserve mention for the excellent programme are: Mr. and Mrs. Sawyer, Mr. and Mrs. S. J. Wigley, Mr. P. S. Pawsey, Mrs. W. Warnick, W. Scott, C. Bangrove, Mrs. Murdoch and J. Watson. The affair was concluded with a dance and after all expenses have been paid it is expected that about \$80 will be forwarded to the patriotic fund.

## BESOM AND STANE

Edgerton succeeded in taking away the Calgary Brewing cup from its Wainwright resting place when the first named team made a visit to Wainwright on Thursday of last week. It succeeded in defeating a picked rink shipped by Munby by the score of 14-13, the game taking an extra end to decide the result. The game was one of the best seen in Wainwright this season and was witnessed by a large crowd.

Immediately following the contest for the Calgary Brewing trophy the Edgerton men met a challenge from the George L. Hudson rink which succeeded in winning the Vanderlip cup by a score of 11-9. On Thursday morning Edgerton challenged Ross for the Hudson trophy. Ross however, sustained Wainwright's reputation in winning the cup by a score of 11-9.

The final for the Hudson trophy was won by Ross who defeated Washburn by a score of 22-3.

The Wainwright town council postponed its regular meeting which was to have been held on Tuesday night until Thursday, Feb. 18th.

By a score of 8-2, Edgerton succeeded in defeating the Wainwright Juniors in an exciting hockey game held at the Wainwright rink on Tuesday evening. The attendance was a fairly large one with the game brought out much enthusiasm among the fans in attendance.

RETAIL MERCHANTS AND  
"MADE-IN-CANADA" POLICY

Patriotism and Self-Interest Prompts  
Sale of Home-Made Articles—Reduces Unemployment and Charity

Practical action by the Quebec branch of the Retail Merchants' Association of Canada was taken at a meeting held in Montreal immediately after the outbreak of the war. The following letter from the Quebec Secretary of the Association, Mr. J. A. Beaudry, offers good advice to the retailer and his customer alike.

Every Canadian housewife should bear in mind this timely statement when she goes into the corner store to make her next purchase. For years past, millions of dollars worth of goods have been imported into Canada from the countries involved in the war. These importations have now practically stopped, and may not be resumed for a very considerable period. The consequence is that the prices of all imported goods have very materially increased, and will continue to increase in proportion to the excess of the demand upon the supply, and we shall not be surprised to see the supply completely exhausted within a very short time. This fact is creating deep concern in the minds of the public, who seem to believe that the merchant is responsible for such an increase.

We think it would be advisable for you to point out to your customers that in their purchases they should give preference to goods made in Canada, which would avoid paying such high prices, and would help to keep the Canadian factories busy, thereby giving employment to Canadians who, at this particular time, are so much in need of earning as much as possible.

To encourage home industries is a good policy at all times, but should be acted upon at this trying period for self-preservation, and we strongly suggest that you co-operate with your customers in this matter, thereby doing your share in educating the public to this end, and by so doing, greatly oblige.

Yours truly,

The Retail Merchants' Association of Canada, Inc.

J. A. Beaudry,

Secretary for the Province of Quebec  
Every dollar the Canadian householder spends for Canadian goods will lessen the demands from the unemployed for relief during the next few months.

## "MADE-IN-WINNIPEG"

Simple Maxims Which Every Western Community Can Adopt For Its Use

During the "Made-in-Winnipeg" week, organized by the Interprovincial Industrial Commission of the Western metropolises in May last, many "elegance" were used with good results by the keen business men of Winnipeg, whose co-operation made the exhibition such a huge success.

The following are a few maxims which can be adopted, with slight change for use in every Western community.

It isn't always the sky-scraper that makes the city. A factory with a big pay-roll will do twice as much.

Become impressed with the real, down-to-earth duty you owe your city in patronizing home industry. After all is said and done, the full dinner-pail is the property sign of a live city.

Winnipeg believes self-preservation to be the first law of nature, and therefore welcomes the "Made in Winnipeg" Week, advocating home industries, the first law of a city's solid development.

Winnipeg believes that no city can continue growth upon sound foundation without industry. It is the city of manufacturing that forges ahead.

Winnipeg knows that the way to build up a local industry is to buy of its wares. It is a duty fitness owe to the community. Buy the product of home labor, home capital and home industry.

Winnipeg realizes that there are eighteen thousand people employed in manufacturing goods right here in the city, and that if we can double the number and have the money that these people earn spent right here, it goes to help the prosperity of all.

Winnipeg knows that the purchase of every \$1,000 of goods, "Made in Winnipeg" instead of purchasing outside, means the addition of one person to the city instead of supporting him elsewhere.

"Anything that is produced in Canada from Canadian materials, by the application of Canadian brain and labor, will always have first call with me. And it's only good business on my part that it should."
